 Due as one PDF to Kristen Dwyer by 5 pm on Friday, October 25, 2024.

NPWR Research Grants

- Eligible applicants are researchers, scholars and/or academics located in and residing in the State of Nevada or working directly for a State of Nevada department; such applicants may represent or be a part of public and private organizations, institutions, and entities interested in asking research questions that address policy problems facing Nevada using NPWR as the evidence-based data-driven research tool.
- O Timeline: November 2024-June 2025
- The maximum amount funded will be: up to \$50,000 for a group/consortium project with multiple researchers and/or students (preference given to include students in the project); up to \$4,000 for an individual faculty member with no students, just as self; up to \$3,000 for an individual student at the Master/PhD level.

2023 NPWR Research Grants:

O Workforce and Economic Development

- The Brookings Mountain West's project, The Gender Cap in Nevada: A K-12, Higher Education, and Workforce Study will explore the gender gap in Nevada and propose public policy interventions to improve educational and workforce outcomes;
- O The Kenny Guinn Center for Policy Priorities and the University of Nevada, Las Vegas (UNLV) Center for Business and Economic (CBER) Research's project An Analysis of Nevada's Pre- and Post-Pandemic Labor Force Participation Rate will identify and evaluate factors contributing to Nevada having the 3rd largest decrease in labor force participation following the pandemic;
- The University of Nevada, Reno's (UNR) University Center for Economic Development's (UCED) project Examination of the Relationship between Workforce Development and Housing, Education and Childcare Services, and Healthcare Services will explore how labor force barriers impact workforce and economic development and business creation, retention, and expansion abilities.

O Education

- The Lincy Institute's project Nevada K-12 Performance and Implications for Economic Diversification will evaluate the differentiating factors between Nevada's highest and lowest performing schools and districts in terms of on-time graduation rates, performance on standardized tests, and college-going rates;
- UNLV's Center for Research, Evaluation, and Assessment's (CREA) project Piloting School Funding Equity: How the Enactment
 of Senate Bill 178 Impacted Student Outcomes After Graduation explores how Nevada's student funding pilot program
 impacted students post-secondary and vocational outcomes;
- O Dr. Megan Rauch Griffard from UNLV's Department of Educational Psychology and Higher Education's project Dissecting the Educator Talent Pipeline and Educators' ROI in Nevada will focus on whether CTE certificates in education concentrations lead to eventual employment in education, seek to understand how long NSHE education majors take to earn their desired degree by educational attainment level, and how the wages of educators compare to other workers with comparable education and experience in Nevada by educational attainment level.

Students

- Anna Dreibelbis, a UNLV law and doctorate student, for her project Assessing Career Readiness Gaps in Nevada to understand what the gaps are in soft skill development in CTE programs across Nevada.
- Curtis L. Cobbins, a doctorate student, for his project Causes of Innovation Engineering Management Failure in Workforce Development Within the Nevada System of Higher Education to understand how strong the correlation is, if any, between employee analysis of skills gap alignment and the role of innovation engineering management.
